

Contractors Equipment

**GREAT PEOPLE.
INTEGRITY. INNOVATION.**

A contractor needs the right tools to complete their work properly, and on time. With Berkley Fire & Marine's Contractors' Equipment coverages, our insureds know that the tools that support their business are protected.

Coverage options are available to meet your equipment needs, big or small. Coverages are available on a scheduled or blanket basis, with flexible reporting terms. Lease or Rent? Options are available whether the insured is leasing or renting from, or to others. Borrowed and loaned equipment coverage is also available. Got cranes? We offer coverages with no overload exclusions. Need income coverage? We have that too.

THE PROOF IS IN THE PAYMENT.

We have valuation options to give you peace of mind. Actual Cash Value and Replacement Cost valuation options are available. Our proprietary product also tailors the valuation provision to meet the insured's contractual liability under written agreement for leased or rented equipment, eliminating any potential gap in coverage.
