

# Warehouse Legal Liability

### Great People. Integrity. Innovation.

Warehousing has evolved from the traditional storing of a customer's goods into part of sophisticated third party logistics operations providing complex transportation and inventory solutions. Our **Proprietary Logistics Legal Liability Form** is the solution to your sophisticated 3PL customer's coverage needs.

We can also cover the traditional warehouse exposure for less complex, more traditional customers with a standalone Warehouse Legal Liability policy form using the AAIS coverage forms.

Whether your customer is involved in complicated 3PL solutions, or just storing goods of others, we've got you covered.

### Customizable Limits:

The following are examples of coverage typically found under our forms. Limits can be customized to meet an individual insured's needs.

- Inventory shortage coverage available
- Spoilage coverage available
- Defense Costs coverage
- Processing coverage is available for when the customer assembles, labels, or performs other work to the property before it is shipped
- Flexible reporting conditions
